

HANNAH LUEBBERING

Applied Mathematics and Computer Science student at Wake Forest University seeking a full or part-time position in advance of attending graduate school. Motivated to learn, grow, and excel in technology. Proven success working within fast-paced, collaborative settings.

EDUCATION

2017-
2021

Wake Forest University

BS in Applied Mathematics, Minor in Computer Science

- Association for Women in Mathematics
- Women in Computer Science
- Kappa Kappa Gamma Sorority

2019

University of Sydney

Study Abroad, Python and Real Analysis

- SUMS, Mathematics Society

2018

Queen Mary University of London

Study Abroad, Organic Chemistry II

2013-
2017

Blue Valley North High School

High School Diploma

- Varsity Cross Country and Track
- Cross Country Team Captain
- Science National Honor Society

EXPERIENCE

2020-
2021

Data Science Pedagogy Research

Wake Forest University | Winston-Salem, NC

- Worked with Dr. McGowan in the Department of Mathematics & Statistics at Wake Forest University.
- Studied the learnr R package and published tutorials on GitHub.
- Tutorials explained various R functions including tidyverse, types of data frames, manipulating data frames, and more.

2019-
2020

New South Wales Health Internship/ Research Project

Westmead Institute for Medical Research | Sydney, Australia

- Completed projects with various industries involving preventative health, chronic illness, immersive technology, precision medicine, open data, and more.
- Conducted thorough research using diverse resources to assist professional staff with project tasks.

2018-
2020

Nanotechnology and Chemistry Research

Wake Forest University | Winston-Salem, NC

- Worked with Dr. Ghadiri in the Department of Chemistry at Wake Forest University.
- Conducted experiments and analyzed samples using UV-VIS spectroscopy, confocal microscopy, and Agilent software.
- Tracked experimental results and analyzed data using MatLab and Excel.
